Migrating from AngularJS to Angular

ADDING ANGULAR TO AN ANGULARJS APPLICATION

Joe Eames
WEB DEVELOPER

@josepheames   www.joeeames.me

Vocab

Angular 1/AngularJS

Angular 2/Angular

Migrate/Convert/Rewrite

Upgrade & Downgrade

2 Phases

Phase 1: Preparation

- Preparing for Migration from AngularJS to Angular

Phase 2: Migration

Course Repository

https://github.com/joeeames/PSAngular2MigrationCourse

Course Agenda

Adding Angular to an AngularJS Application

Migrating Your Application

- Components
- Pipes
- Services
  - HTTP
- Transclusion

Testing

Going to Production

Routing & Finishing Up

Agenda

Demo Application

Install Migration Packages

Create a Webpack Build for AngularJS

Bootstrap Angular

Add Angular to the Build

Optimize Build

Summary

Demo Application & Packages

Create a Webpack Build for AngularJS

Bootstrap Angular

Add Angular to the Build
